Try reading in daylight, good for information capture and eye health.
Save it as your setting that could be simply selected before hard slog.

See Each Corner of Kitchen

No more cleaning dead angle in the daylight of L520E.
It’s simple for you to maintain sanitation consciously.

Schedule Your Life

Create a regular schedule to turn on/off with the brightness you set. Sunrise and sunset modes allow the light to activate automatically according to your time zone.

Eco-Friendly Smart Bulb

Featuring extremely low standby power use, Tapo L520E saves you money and energy. When set in standby mode, its exact power consumption is as low as 0.2 watts.

Voice Control

Works with Amazon Alexa and Google Assistant to free up your hands. “Hi, Alexa, turn on the light” or “Hey, Google, dim my kitchen lights”.

Remote Control
for Convenient Living
The whole room is dark when you get off from work at night, then you need to fumble around to find the light switch. With L520E and Tapo App, you just need to take your smart phone out fromt pocket and open Tapo App, then everything is on.

Away Mode

Worried about the house when your family is on a trip? This is where Tapo L520E Dimmable Lights functions. It turns on/off the lights randomly to simulate someone being at home.
