

Canon imageFORMULA RS40 Photo & Document Scanner

Model: 5209C003

Manufacturer: CANON

EAN: 4528472109930

Product Code: 1697258

R12,638

Re-live your precious memories and give your photographs a new lease of life. Enhance old and new photos with the RS40’s enhanced image processing and share your ‘Shoe Box’ photos with family and friends in just a few clicks. With advanced image processing, you can brighten image colour, sharpen focus and correct colour distortion, to achieve optimum detail even where images have faded over time. This easy-to-use, compact device allows you to scan up to 40 photos in one go, with pre-set scanning options for added ease and consistency.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
