Feel the immersive thrill of a captivating 5.1 virtual surround sound system, and hear every echo in rich audio detail.

webOS 23

Make your TV sync to you

Discover TV that's made to match you, with My Profile, Quick Card, and AI Concierge.

OTT Services

Explore your favourite streaming services easily

Dive straight into a new series as easily as possible, with built-in shortcut access to your favourite streaming services and apps.

WOW Interface

Simplicity at your fingertips

Access WOW Interface on LG TV for simple soundbar control, like modes, profiles, and handy features, even while you watch.

Home Cinema Experience

Movie magic with the comfort of your own home

Movie theater ambience, recreated at home. HDR10 Pro ensures every film is presented in true glory, with exceptionally accurate colour and contrast for more immersive cinematic viewings.

Powerful Gameplay

Raise your gaming experience with next-level features

Immersive HGiG ensures every moment of play looks incredible, while eARC makes it all sound amazing.

Controls right where you need them

Don't pause to use Game Optimizer and Game Dashboard.
