GDE 125 EA-T Professional: Further information

Product Highlights

The GDE 125 EA-T Professional clip-on dust extraction guard is easy to adjust and compatible with Bosch Professional angle grinders with 125-mm disc diameter and tool-free adjustable protective guard. For maximum convenience, it can be mounted in two easy steps without disassembling the disc, or the protective guard. Its shape is optimised for clean and tidy operation. Its adjustable cutting depth is ideal for work requiring precision. The dust guard is compatible with the Bosch Professional Click & Clean dust extraction system.
