# Bosch GKS 18V-57-2 GX 16.5 cm Black, Blue 5000 RPM

Model: 06016C1000

Manufacturer: BOSCH

EAN: 4059952610689

Product Code: 1697516

## R7,396

## Product Highlights

As a carpenter, roofer, or wall framer, you need a powerful circular saw that makes accurate angled cuts in all cutting positions and is compatible with guiderails. The precision GKS 18V-57-2 GX Professional cordless circular saw is the perfect fit. This easy-to-use saw has a cutting depth of up to 57 mm and can make bevelled cuts up to 50°. And you can use it for a full range of applications by fitting it into the Bosch guiderail FSN and cross-cutting guiderail system FSN X, turning it into a mobile cross-cutting saw. The GKS 18V-57-2 GX Professional maximises power with its robust brushless motor.

Equipment & Application

This cordless circular saw is ideal for cutting wooden or wood composite materials in beams, window frames, small boards for flooring, ceiling, and trims, wall framing, and more. It can also be used to

cut insulation to size and is compatible with the Bosch cross-cutting guiderail and guiderail system. And collecting dust is easy, thanks to the integrated click & clean adaptor that is compatible with all vacuum solutions. Compatible with the Bosch Professional 18V System and with the multi-brand battery alliance AMPShare. For maximum power use a ProCORE18V ≥ 5.5 Ah.

## Additional Information

The GKS 18V-57-2 GX Professional comes with Stop Control, where the tool automatically recognises the end of a cut and then switches off, RPM adjustment, and ECO mode, as well as KickBack Control and protection against overheating. The flexible saw blade design is ideal for near-wall cutting and there is an LED light that clearly illuminates the cutting line.
