

APC Smart-UPS SUA5000RMI5U – 5000VA, 8x C13, 2x C19 outlet, NMC, Rackmount/Tower

Model: SUA5000RMI5U

Manufacturer: APC

EAN: 731304255321

Product Code: 1697961

R211,530

Stay always online and prevent data loss

As soon as the power fails, an APC Smart-UPS immediately supplies emergency power to all connected equipment. Because an APC UPS does this automatically, you prevent unwanted failure of, for example, a PC, server or switch. With the APC PowerChute Network Shutdown software, you can even have critical IT hardware shut down automatically and in a controlled manner when the UPS battery is almost empty. This prevents data loss, downtime and physical damage to hardware.

Safety

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

In addition, a Smart-UPS protects connected devices against peak voltage caused by lightning, among other things. This APC emergency power supply is ideally suited for (small) business use.

Manage your Smart-UPS

Thanks to the pre-installed network card (ap9641), you can easily connect the APC UPS to the network. This allows you to monitor and manage the UPS remotely (SNMP) and the UPS can send a shutdown signal to multiple physical and/or virtual servers using PowerChute Network Shutdown software.

PowerChute Network Shutdown

PowerChute Network Shutdown is UPS management software that works with the UPS Network Management Card to protect Windows, Linux and Host ESXi, but also hyperconverged and virtual infrastructure*. In the event of a power failure, PowerChute can shut down your virtual machines in the correct manner and the preconfigured boot sequence ensures that they are turned on again.

*For HCI and virtual machine support an additional license is required:
1 year: SWPCNS**1**Y-DIGI
Up to (Replace bold number in article number with desired variant)
6 years: SWPCNS**6**Y-DIGI

Remote management and monitoring of your network

The network card can be managed externally via the user-friendly web browser interface, remote management software EcoStruxure™ IT (SFTWES1-DIGI) or another SNMP-compatible system. Tip EcoStruxure™ IT also includes the functionalities of the support contract below.

Support contract

The optional network card support contract license* ensures that you are always up-to-date and secure and includes additional benefits such as frequent updates with:

- New and improved functions
- Security updates

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. • Advanced support

(The functionality of the support contract is included free of charge in the first year of the UPS)

*The above license and available in the variants:

1 year: SWNMC3SU-**1**Y-DIGI

Up to (Replace the bold number in the article number with the desired variant)

6 years: SWNMC3SU-**6**Y-DIGI

Rack/tower convertible

The APC Smart-UPS SUA5000RMI5U is rack/tower convertible. Because both the feet and the rack mount brackets are included, you can mount it in a rack or place it upright.

Extend the lifespan

The SUA5000RMI5U contains two internal battery cartridges (RBC55) and these can be easily, safely and independently replaced by the user. This without having to switch off the APC UPS or connected equipment. This way you can easily and cheaply extend the lifespan of the APC Smart-UPS and your equipment always stays online.

Warranty extension

The factory warranty of the SUA5000RMI5U is 2 years and can be upgraded to 5 years with the APC service pack (WBEXTWAR3YR-SP-05).
