LogiLink MP0035R cable accessory Cable boot

Model: MP0035R

Manufacturer: LOGILINK

EAN: 4052792045390

Product Code: 1700967

R773

LogiLink’s 8mm slip-on boot is suitable for shielded and unshielded installation cable with 7 to 8 mm diameter like AWG23 data cable. It is used to provide strain relief and protect the plug against dust and snags. It can be used with most kinds of Cat.6 RJ45 plugs and solid and stranded cables with maximum 8.0 mm diameter.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
