LogiLink FP4UB02 InfiniBand/fibre optic cable 2 m LC Violet

Model: FP4UB02

Manufacturer: LOGILINK

EAN: 4052792056839

Product Code: 1700999

R714

LogiLink's high-quality patch cords with LC duplex (LCD) connectors are ideal for use in confined spaces. The patch cord utilizes a special “round duplex” cable that allows duplex transmission within a single 3 mm cable. The uniboot plugs on both ends allow you to quickly change the polarity locally (A to A or A to B). The flexible high-performance patch cords save space and improve the air circulation.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
