

LogiLink PC0084 interface cards/adapter Internal M.2

Model: PC0084

Manufacturer: LOGILINK

EAN: 4052792050110

Product Code: 1701013

R848

The PC0084 adapter is an economical solution to convert a M.2 PCIe NVMe (M Key) interface to a PCIe 3.0 x4 interface (PCIe 2.0 compatible) and expand the storage capacity of your PC or server. Once being installed into PC/laptop, the SSD appears as an ordinary storage on any OS and can be configured as a bootable device.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
