and certified by HDMI Authorized Test Centers to ensure they support high-bandwidth HDMI 2.0b specification-enabled features.

Testing is Comprehensive.

Cables are tested to the full 18Gbps and with an EMI test, and every length is tested and certified. And regular Lifetime Audit Testing is done to ensure cables continue to be compliant in case their continued production may include variations in materials or manufacturing.

Trust the Cable with the Label.

Only Premium HDMI Cables are allowed to display and promote the official Premium HDMI Cable Authentication Label.You can scan the by hologram protected QR code with the HDMI premium cable app from the HDMI.org

The Power of Verification.

Anyone can use the HDMI smartphone scanning app to verify the cable’s certification and product information.

Be Future-Ready.

Cables certified under this program ensure installations are ready for today’s 4K/Ultra HD environment, and are future-proofed for the performance needed when equipment is upgraded or replaced. 4:4:4
