

ACT USB Type-C female to USB micro B 2.0 male adapter cable 0.2m

Model: AC7464

Manufacturer: ACT

EAN: 8716065571608

Product Code: 1703251

R719

The AC7464 USB Type-C female to USB micro B 2.0 adapter cable lets you connect older USB micro B devices to newer USB-C devices. Perfect for connecting a mobile phone, tablet, Bluetooth speaker, or external hard disk drive. The maximum data throughput is 480Mbps.

Also USB Type-C 3.0 devices can use this adapter, however the max. speed remains 480Mbps.

This adapter requires a separate USB-C cable (not included). Simply use your existing USB-C cable to complete the connection.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
