Model: AA0110

Manufacturer: LOGILINK

EAN: 4052792046397

Product Code: 1703834

R1,161

The smartphone stand is ideal for all common 4–6" smartphones with a weight of up to 200g. And it's as simple as that: Place the supplied metal plate into the smartphone case and you can simply place your mobile device then onto the holder. The magnet will hold the device and allows you to remove the phone quick and fast - completely without opening or closing any brackets etc. The holder tilts and swivels in all directions for comfortable viewing angles. The suction cup enables a quick and easy attachment and removing from the windshield or dashboard.
