Model: K65090WW

Manufacturer: KENSINGTON

EAN: 085896650904

Product Code: 1704359

R1,461

Ideal for professionals and organisations seeking physical security solutions that do not hinder port access or stability, the Slim NanoSaver® 2.0 EQ Combination Laptop Lock enhances security for ultra-thin devices.

The lock contains only 7.5g of plastic versus 36g in prior generation, equalling a 78% reduction in plastic*. The cable and lock body are crafted from strong stainless steel and the lock is delivered in Forest Stewardship Council (FSC®) certified packaging.

An ideal keyless solution for securing ultra-thin devices, the Slim NanoSaver® 2.0 EQ Combination Laptop Lock eliminates the hassle of lost or misplaced keys with a resettable code providing convenient keyless security. The lock’s slim design allows the laptop to lie flat and stable while ensuring full access to valuable ports.
