

Equip 19" Cable management panel 1U with metal 5 brackets, Black

Model: 327319

Manufacturer: EQUIP

EAN: 4015867242445

Product Code: 1704636

R691

The Equip 327319 19" Cable Management Panel keeps your server rack organized. Equipped with five durable metal brackets, the panel provides a sturdy and efficient cable routing solution for data centers, network cabinets, and AV equipment.

Made from high-quality steel and finished with a sleek black powder coat finish, this panel is durable and professional looking. Five round brackets help organize and separate patch cords, power cords, and other wiring, reducing cable strain and improving airflow within the rack.

Each bracket features an open-loop design for easy insertion and removal of cables, supporting quick replacement and routine maintenance. This 1U panel is compatible with standard 19" equipment racks and can be easily installed using standard mounting hardware (not included).
