1000 Nits Peak Brightness

Defy glare, define every starlight

Full Range HDR

Every shade, every detail

144Hz VRR

Smooth gameplay, no screen tearing

Dreame Master Sound System

For true immersion, sound matters more

Experience audio excellence with our Dreame Master Sound System - where pristine sound meets smart optimization. Our upgraded Dreame system features AI-powered EQ adjustment that automatically tunes audio for perfect clarity. With crystal-clear highs, powerful bass from the dedicated subwoofer, and immersive overhead audio, our smart sound system transforms your space into a private theater optimized for any content.

Integrated Soundbar

Built-in excellence, seamless sound

Four powerful tweeters deliver exceptional high-frequency performance, producing an expansive frequency range that reveals every subtle detail in sound. Our innovative design integrates a premium soundbar directly into your TV, delivering studio-quality audio without extra devices.

Ultra Drum

Deep bass, zero compromise

An integrated concealed subwoofer packs the TV with deep, rich bass. It's powerful motor drives low frequencies down to 45Hz, making the bass super clean and fulfilling your room.

4 Up-firing Drivers

Engineered for the third dimension

With 4 up-firing speaker drivers, sound reflects off the ceiling and cascades down from above, wrapping you in a full 360° sound field. Whether you're watching an action blockbuster or enjoying your favorite music, you’ll feel completely immersed—as if you’re truly there, in the heart of the experience.

Dolby Atmos

Treat your ears to a feast

Dolby Atmos is a state-of-the-art sound technology that simulates the azimuth of sound using algorithms to make it more realistic and natural. Experience sound that flows all around you with breathtaking realism.

Dreamind™ Pro AI Processor

Your perfect picture ally

Meet the brain behind the beauty - our Dreamind™ Pro AI Processor. This cutting-edge chip uses advanced artificial intelligence to optimize every frame in real-time, delivering stunning visuals that adapt to your content.

Aura Mini LED

Brilliant colors meet perfect contrast

Experience unprecedented picture quality with our advanced Aura Mini LED technology. Combining quantum dots' vibrant color reproduction with Mini LED's precise backlighting control, every scene comes alive with stunning brightness, deeper blacks, and over a billion vivid colors.

Full Array Local Dimming

Precision in every pixel

Our Full Array Local Dimming technology precisely controls multiple independent dimming zones, delivering exceptional contrast and perfect blacks while eliminating light blooming. Experience HDR content the way it was meant to be seen.

QLED+

A billion brilliant colors

Dreame Quantum Dot technology brings you a color volume that's 100% larger than conventional LED TVs, displaying over a billion shades with perfect accuracy. Every scene bursts with lifelike vibrancy and natural brilliance.

1000 Nits Peak Brightness

Defy glare, define every starlight

With up to 1000 nits of peak brightness, every scene comes to life with vivid colors and incredible detail - even in bright daylight or high-contrast movie moments. Combined with HDR technology, it delivers stunning highlights and deep shadows, offering a truly immersive viewing experience that

captures the beauty of every frame just as the creators intended.

4K 144Hz

Ultra-smooth 4K performance

Experience unparalleled smoothness with 4K resolution at 144Hz refresh rate, displaying up to 144Hz crystal-clear frames every second. This incredibly fast refresh rate ensures every motion is rendered with perfect clarity, whether you're gaming, watching sports, or enjoying fast-paced action movies.

Full Range HDR

Witness every shade of reality

Compatible with all major HDR formats including Dolby Vision, HDR10+, HDR10 and HLG. Enjoy the widest range of HDR content with optimized brightness, contrast, and color accuracy for each scene.

Multiple Eye Care

Caring for your vision's future

Our advanced eye protection system combines flicker-free technology, blue light reduction and gentle light to minimize eye strain and reduce myopia risk, ensuring comfortable viewing for the whole family.

Exceptional Gaming

Game like a pro

Transform your living room into the ultimate gaming arena with professional-grade features designed for serious gamers.

Google TV

Personalize your TV

Discover new movies and shows from across your subscriptions and content available to you. Suggestions based on what you've watched and what interests you make it easier to find your next favorite.

Hey Google

Help on your big screen

Your TV is now more helpful than ever. Ask Google about the weather, sports scores, and more, and get answers right on screen. View and control your compatible smart home devices using your voice.
