120Hz HSR

Smooth viewing and new gaming experience

The display achieves a high refresh rate with 120Hz HSR Technology. This ensures a seamless and clear viewing experience, eliminating concerns about ghosting and trailing.

MEMC

Reduce motion blur and trailing in the picture

It calculates object motion in videos, inserts frames to reduce blur and trailing, thus enhancing video smoothness.

Multiple Eye Care

Caring for your vision's future

Our advanced eye protection system combines flicker-free technology, blue light reduction, and ambient light adaptation to minimize eye strain and reduce myopia risk, ensuring comfortable viewing for the whole family.

Dolby Audio

Sound, redefined

The science of sound, the art of immersion. Our technology ensures every note, every beat, and every word is delivered with precision and passion, making your audio journey unforgettable.

Bluetooth Audio

Turn off the TV screen, switch to the audio mode, and it will instantly transform into your exclusive concert.

Dynamic background

Adaptive visuals synced to content

Dynamic lyrics

Synced lyrics that move with the music

Display off

Turn off the screen while keeping audio active

Seamless Sync & Smart Assist for Effortless Use
