UPERFECT M238J11 Foldable Dual-Screen Monitor

Get more workspace and enjoy the convenience of two screens with the UPERFECT M238J11 foldable monitor. The device features two 23.8-inch IPS displays with Full HD resolution (1920 × 1080) and a 100 Hz refresh rate, delivering detailed, smooth visuals. With wide 178° viewing angles, 120% sRGB color gamut coverage, and a brightness of 300 cd/m², it’s perfect for working with documents, graphics, or multimedia content. Thanks to its foldable design, you can easily switch between different usage modes, and the USB-C and HDMI ports allow for convenient connection of video sources. The built-in speakers ensure high-quality audio, and VESA mounting compatibility enhances usability.

Two screens, more possibilities

The UPERFECT M238J11’s foldable design lets you comfortably use two displays, providing extra space for your daily tasks. You can work on multiple documents simultaneously, browse content, and

use various applications without having to constantly switch between windows. When unfolded, the monitor measures 542 × 644 × 13.5 mm, and when folded, it measures 542 × 322 × 27 mm. This design makes it easier to organize your workspace and minimizes the space the device takes up when not in use.

Clear Image and Natural Colors

Each screen uses an IPS panel with a resolution of 1920 × 1080 pixels and a 16:9 aspect ratio, ensuring a detailed image and legible content. A pixel density of 92.56 PPI allows for comfortable viewing of documents, spreadsheets, and multimedia content. 120% sRGB color gamut coverage and 8-bit color depth, which supports 16.7 million shades, enable the display of a rich color palette. In addition, the 1000:1 contrast ratio helps maintain clear distinctions between light and dark elements in the image, improving viewing comfort.

Smoothness You’ll Appreciate Every Day

The 100 Hz refresh rate ensures that scrolling through web pages, moving windows, and playing dynamic content all look smooth. This makes using your computer more enjoyable, especially when working with multiple applications. A 14 ms response time complements the display’s capabilities, and wide 178° viewing angles ensure good image visibility even when looking at the screen from the side. Additionally, the matte finish reduces annoying glare, while the 300 cd/m² brightness ensures comfortable conditions for both work and entertainment.

Convenient Device Connectivity

The UPERFECT M238J11 offers several connectivity options, allowing you to easily tailor your workstation setup to your needs. You have two multifunctional USB-C ports that support video and audio transmission, and a single USB-C cable can connect both screens. The monitor is also equipped with an HDMI port for audio and video transmission and a separate USB-C port for power. This solution allows you to conveniently use various connection methods while minimizing the number of cables needed to operate two displays.

Robust Construction and Additional Features

The metal housing is highly durable, and support for the VESA 75 × 75 mm mounting standard with M4 × 5 mm fasteners allows the device to be mounted on a compatible mount, helping you better organize your workspace. In addition, the two built-in speakers, each with an impedance of 8 Ω and 1 W of power, allow for audio playback without the need to connect a separate audio system.
