UPERFECT M156B09 15.6-inch FHD Industrial Monitor

The UPERFECT M156B09 industrial monitor delivers a crisp image and convenient operation thanks to its 15.6-inch Full HD (1920 × 1080) IPS touchscreen. A brightness of 300 cd/m² and wide viewing angles of 178° ensure a comfortable viewing experience, while touch controls make it easy to navigate menus and use applications without a mouse. With HDMI, VGA, and DVI ports, the monitor can be connected to a variety of devices, and its slim 8-mm bezel makes it easy to place even in tight spaces. Additionally, the wall-mounting option allows you to conveniently organize your workspace.

Touchscreen for More Convenient Use

The UPERFECT M156B09 is equipped with a 15.6-inch touchscreen that allows you to interact with the displayed content directly by touch. This means you can select options, navigate the interface, or use apps without having to constantly reach for a mouse. The 1920 × 1080 pixel resolution

ensures a detailed image, and the pixel density of 141.21 PPI keeps fine graphic elements and text crisp and clear. The 16:9 aspect ratio allows for comfortable viewing of various types of content.

Clear Image and Wide Viewing Angles

The IPS panel provides wide viewing angles of 178°, allowing for comfortable use of the monitor even when viewed from the side. A brightness of 300 cd/m² ensures good visibility of content during everyday use, and a contrast ratio of 800:1 helps distinguish between light and dark elements in the image. The monitor also offers 100% sRGB color coverage and 6-bit color depth, enabling the display of 262,000 shades. The glossy screen surface further enhances the intensity of the displayed colors. A 60 Hz refresh rate and a 25 ms response time round out the display’s specifications, providing optimal conditions for presenting information and using applications on a daily basis.

A Variety of Ports – Easy Device Connectivity

The monitor offers a wide selection of interfaces, allowing you to tailor the connection method to your equipment. It features VGA and DVI inputs for video transmission, as well as an HDMI port that supports both video and audio signals. This allows the UPERFECT M156B09 to work with devices equipped with various types of video outputs. A separate USB-B port is used to support the touchscreen, while two 3.5 mm AUX outputs allow you to connect external audio devices. Power is supplied via a 12 V / 2 A DC input, and the appropriate power adapter is included in the package.

Compact Design and Flexible Mounting

The UPERFECT M156B09 features a slim chassis measuring 378 × 227 × 8 mm, making it easy to place even on a desk with limited space. The combination of metal and ABS plastic ensures a sturdy construction suitable for everyday use. The monitor supports the VESA 75 × 75 mm standard with M3 × 6 mm mounting holes, allowing it to be installed on a compatible mount. The package also includes a wall mount with screws.

Additional Conveniences for Everyday Use

The monitor is equipped with two built-in speakers, each with an impedance of 8 Ω and 1 W of power, allowing you to play audio without needing to connect a separate audio system. The included
