R4,924

UPERFECT M160T01 16" Monitor

Get more workspace and enjoy a detailed image with the UPERFECT M160T01. The monitor features a 16-inch IPS panel with a resolution of 2560 × 1600 pixels, a 60 Hz refresh rate, and a brightness of 350 cd/m². 100% Adobe color gamut coverage and HDR support let you enjoy rich colors and a vivid picture, while FreeSync technology helps reduce screen tearing when displaying dynamic content. The device also offers wide 178° viewing angles, two multifunction USB-C ports, an HDMI input, and built-in speakers. All of this is housed in a slim 13-mm-thick chassis, and the included protective case makes it easy to store and transport safely.

2K Resolution – More Detail

The UPERFECT M160T01 displays images at QHD resolution (2560 × 1600 pixels), ensuring that text, graphics, and other elements are sharp and detailed. A pixel density of 188.68 PPI allows you to comfortably work with small interface elements, documents, and graphic materials. The 16:10

aspect ratio provides additional vertical space, making it easier to browse websites, edit text, and work with spreadsheets.

Rich Colors and Wide Viewing Angles

The IPS panel offers 178° viewing angles, ensuring the image remains clearly visible even when viewed from the side. 100% Adobe color space coverage delivers rich colors, which is useful when viewing photos, videos, or working with graphics. The monitor supports 8-bit color depth, enabling the display of 16.7 million shades. A brightness of 350 cd/m² ensures good image readability, and a contrast ratio of 1200:1 allows you to clearly distinguish between light and dark elements. Additionally, the matte screen surface reduces glare, enhancing comfort during everyday use.

Smoother Images Thanks to HDR and FreeSync

The monitor supports HDR technology, which enhances details in both bright and dark areas of compatible content. As a result, movies and images appear more vivid. FreeSync technology, on the other hand, helps reduce screen tearing by synchronizing the refresh rate with the signal from a compatible device. The 60 Hz refresh rate ensures smooth display of content during everyday work and entertainment, and the response time is 25 ms.

Multiple Connection Options

The UPERFECT M160T01 is equipped with two multifunctional USB-C ports that allow for the transmission of video and audio or the supply of power. This lets you tailor your connection setup to the equipment you’re currently using. There is also an HDMI input that supports audio and video transmission. Additionally, the Micro USB-B port with OTG functionality allows you to connect a USB flash drive or a wireless keyboard and mouse receiver, expanding the possibilities for using compatible devices. The monitor also features a 3.5 mm AUX output, allowing you to use headphones or external speakers.

Slim Design and Convenient Setup

The monitor measures 355 × 241 × 13 mm, so it doesn’t take up much space and fits easily into any available area. The housing, made of a combination of metal and ABS plastic, ensures a sturdy

construction, and the included protective case makes it easy to store and transport the device. The UPERFECT M160T01 also supports the VESA 75 × 75 mm mounting standard with M4 × 4 mm fasteners, allowing it to be installed on a compatible mount. The package includes a set of mounting hardware, so you can easily set up your chosen workspace.

Built-in Speakers for Greater Convenience

The UPERFECT M160T01 is equipped with two speakers, each with an impedance of 8 Ω and a power output of 1 W, allowing you to play audio without having to connect an additional audio system. This is a convenient solution for watching movies, using training materials, or playing other multimedia content. If you prefer to use headphones, simply plug them into the 3.5 mm AUX output.
