UPERFECT M173J19 17.3" Monitor

Discover a new level of comfort while gaming, working, and enjoying multimedia with the UPERFECT M173J19 monitor. The 17.3-inch IPS screen with QHD resolution (2560 × 1440) delivers detailed images, while the 144 Hz refresh rate ensures exceptionally smooth motion. With support for FreeSync and HDR, the monitor is perfect for both fast-paced gaming and watching movies. Additional highlights include a 100% Adobe color gamut, 400 cd/m² brightness, and a matte finish that reduces glare. The package is rounded out by two built-in speakers, practical ports, and a slim chassis just 16 mm thick.

QHD Resolution – More Detail on Screen

The 2560 × 1440-pixel resolution lets you see fine details in images, ensuring comfort when working with documents, graphics, and multimedia content. On a 17.3-inch screen, this translates to a pixel density of 169.78 PPI, ensuring that text remains legible and photos and videos are displayed in

great detail. The 16:9 aspect ratio allows for comfortable viewing of a variety of content, from spreadsheets to games and movies. Additionally, the IPS panel offers wide 178° viewing angles, making it easy to watch content together without having to sit directly in front of the screen.

144 Hz Refresh Rate – Smoothness You'll Notice

Dynamic games and fast-paced scenes require smooth motion. The UPERFECT M173J19 offers a refresh rate of up to 144 Hz, making on-screen movement look more natural and scrolling through content feel smoother. The monitor also supports FreeSync technology, which synchronizes the display's refresh rate with the frame rate generated by a compatible device, reducing screen tearing. A 10-ms response time further enhances the display of dynamic scenes, ensuring a more enjoyable experience during gaming and multimedia viewing.

Rich Colors and HDR Support

The monitor stands out with 100% coverage of the Adobe color space, allowing it to display a wide range of colors. This is a significant advantage when viewing photos, working on graphic design projects, or using content where a diverse color palette is important. 8-bit color depth enables the display of 16.7 million colors, ensuring smooth tonal transitions. Additionally, HDR support allows for better rendering of the contrast between bright and dark areas of the image, while a 1000:1 contrast ratio helps maintain their clarity.

Matte Screen and 400 cd/m² Brightness

Don't let annoying light reflections interfere with your work or entertainment. The matte surface of the UPERFECT M173J19 monitor reduces light reflections, ensuring that displayed content remains clearly visible in various lighting conditions. A brightness of 400 cd/m² further makes it easier to see image details when using the monitor in brightly lit rooms. Combined with the wide viewing angles of the IPS panel, this ensures a comfortable experience for both long hours of work and evening movie watching.

Convenient device connectivity

The UPERFECT M173J19 is equipped with two full-featured USB-C ports that support video and audio transmission. An additional mini HDMI input provides another option for connecting a signal source, allowing you to use the monitor in various hardware configurations. There is also a 3.5 mm AUX output for connecting external audio devices. This set of connectors makes it easy to organize your workspace and enjoy multimedia without needing many additional accessories.

Slim Design and VESA Mounting

The monitor’s housing is made of ABS plastic and measures 395 × 243 × 16 mm. The monitor also supports the VESA 75 × 75 mm standard, allowing it to be mounted on a compatible mount using M4 × 4 mm screws. This practical solution allows you to better organize your desk space and adjust the display’s position to suit your individual preferences.

Built-in Speakers for Convenient Entertainment

Thanks to two built-in speakers, each with 1 W of power and 8 Ω impedance, you can enjoy audio without having to connect additional equipment. This is a convenient solution when watching movies, presentations, or other multimedia content.

Included in the package

- Monitor
- Mini HDMI to HDMI cable
- USB-C to USB-C cable (x2)
- AC adapter
- Set of M4 × 4 mm screws
- User manual
