With the R-Go single monitor arm, you can easily and quickly position your monitor at eye level. You can also tilt and swivel the screen as desired and adjust its depth. Thanks to its modular design, you can easily expand the monitor arm with a document holder, laptop holder, Smartbar or an extra arm. The monitor arm can be attached to the worktop from above. This means you can even work in an upright position during installation! What's more, no tools are required for installation. The R-Go monitor arms are CO2 neutral. The CO2 emissions released during the manufacture of a monitor arm are offset by planting trees. The R-Go monitor arms are designed in the Netherlands and feature patented SMART functions, such as a rotation stop for each moving part. This SMART STOP prevents
