

LogiLink NK4001 keystone module

Model: NK4001

Manufacturer: LOGILINK

EAN: 4052792026818

Product Code: 1709028

R611

LogiLink’s Cat.5e, Cat.6 and Cat.6a shielded and unshielded keystone jacks are engineered with PCB technology, phosphor bronze IDC contacts, gold plated prongs, and a zinc die-cast with nickel plated housing (only shielded type). Our keystone jacks were engineered to simplify the termination helping you save time and money with features like easy to read wire labels, universal T568A & T568B wiring, 110 or Krone Punch down and tool-less termination when using the IDC cap. LogiLink’s Cat.5e, Cat.6 and Cat.6A Keystone Jacks comply with stringent industry transmissions and safety standards.
