Model: CU0434

Manufacturer: LOGILINK

EAN: 4052792079913

Product Code: 1709364

R761

With this USB Type-C cable, you can charge or power your USB-C devices with up to 100 W (5 amps) using, for example, a compatible USB-C wall charger, car charger, or power bank. The LED indicator shows you when your connected device is charging. The cable enables super-fast charging with Power Delivery (PD3.0) and data transfer at up to 20 Gbit/s, enabling 4K/60Hz video resolution via DP Alt Mode. The metal housing plug ensures a stable connection and the additional nylon sheath protects the cable from mechanical abrasion (chafing). This makes this Thunderbolt 3/4-compatible cable from LogiLink ideal for charging and transferring data between USB-C devices.
