Product Code: 1709891

R807

More space for big ideas! The XXL desk pad offers you the opportunity to optimally organise your workplace and beautify it at the same time. With its extra-wide format of 70 x 30 cm, it creates "more space for big ideas!". The desk pad is not only very large, but also functional. Its soft, smooth and non-slip fabric surface ensures smooth and quiet mouse movements. The material also enables comfortable typing and is particularly hard-wearing thanks to the flat stitched edges. With the blue and pink colour options, you can give your desk that little bit extra. The mat is the ideal complement for your keyboard, mouse and other accessories and combines comfort with an appealing look.
