The LogiLink 10" LCD Writing Tablet (Art. No.: AA0181) offers an expanded drawing surface for even more creative freedom. This ultra-lightweight tablet is always ready to use, perfect for sparking children's imagination. Its high-quality LCD material ensures eye protection by eliminating radiation and glare. A lock switch prevents accidental erasures, while a single push of a button clears the screen instantly. The slim design makes it highly portable, ideal for creative activities at home or on the go, whether it's for drawing, counting, or spelling.
