

ACT Black 0.5 meters U/UTP CAT6A LSZH Slimline patch cable with RJ45 connectors 90° angled up to 90° angled up

Model: DD6900

Manufacturer: ACT

EAN: 8716065571196

Product Code: 1710825

R732

CAT6A U/UTP slimline datacenter patch cables are smaller in diameter (3.6mm vs 5.9mm) than regular CAT6A patch cords. The bend radius is smaller compared to standard patch cords. This results in better airflow in the server rack or network cabinet.

The patch cable has two 90° angled up RJ45 connectors. Ideal for situations where space is limited without compromising the bend radius. For example in network cabinets and behind equipment.

Also available with a straight, 90° angled down, left or right RJ45 connector.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

The use of a LSZH (Low Smoke Zero Halogen) cable jacket reduces the risk of high concentrations of toxic gases if the cable is damaged by fire or short circuit.

The ACT U/UTP patch cable has full copper 28AWG wires and 50µ gold-plated RJ45 contacts and complies with the international standard ANSI/TIA-568.2-D.
