

LogiLink MP0050 cable gender changer RJ45 8 pin terminal Black

Model: MP0050

Manufacturer: LOGILINK

EAN: 4052792043471

Product Code: 1713029

R704

This adapter easily connects all 8 pins of an 8P8C modular jack out to screw terminal blocks for easy connection of wires. Each pin is also brought to the male header pins. It is well-suited for work with Ethernet ports, data acquisition equipment, and any other device that uses an RJ45/8P8C connector.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
