Awesome performance to do more at once

The Galaxy A23 5G combines Snapdragon® mobile platform’s power with up to 4GB/6GB/8GB of RAM for fast and efficient performance for the task at hand. Enjoy 64GB/128GB of internal storage and add up to 1TB more with MicroSD card.

A rich viewing experience with super smooth scrolling

Take in more, all at once. The Galaxy A23 5G's 6.6-inch Infinity-V Display gives you room to see and do more. With FHD+ technology and a 120Hz refresh rate, the content you see every day will look smoother and sharper.

Simple, yet absolute

The Galaxy A23 5G's Ambient Edge design connects the camera with the matte finish on the rear for an iconic look. It comes in Black, White, Light Blue, and Orange colours so you can choose which matches with your everyday style.

Multi-lens Camera, multi-perspective photography

The multi-lens camera on the Galaxy A23 5G takes photos to the next level. Get crisper, clearer shots with the 50MP OIS Camera, expand your viewing angle with the Ultra Wide Camera, customize focus with the Depth Camera and get closer to details with the Macro Camera.

Shoot stable video like a pro

Capture your world on-the-go. With OIS, your Galaxy A23 5G records your videos more smoothly and captures finer details even in low light.

Get the full picture with Ultra Wide Camera

Similar to human eyesight, the 5MP Ultra Wide Camera sees the world with a 123-degree angle of view, adding more perspective to everything you shoot.

Face. On the spotlight

The 2MP Depth Camera lets you adjust the depth of field in your photos. Adjust the background blur for high-quality portrait shots that make your subject truly stand out.

Front Camera, attention-grabbing selfies

With bokeh effect added to the 8MP Front Camera, you can snap stunning selfies that feature more you and less background.

Power that keeps you going

The 5,000mAh (typical) battery lets you keep doing what you do, for hours on end.

Game Booster gives you the edge

Go for the win. Game Booster tracks your gaming patterns to optimise your device's battery life, temperature and memory, while blocking background activities and notifications so you won't lose focus.

Go beyond the ordinary listening experience with Dolby Atmos

Simply plug in your earphones to be transported to the middle of your music and movies. With Dolby Atmos, you'll hear sound that's full, loud, and seems to surround you in the scene.

Protect what matters to you

Built into the phone's hardware and software from the start, Samsung Knox protects your phone from the minute it's turned on. Offering multi-layered security, it defends your most sensitive information from malware and malicious threats.

Unlock your phone with your fingerprint

With the fingerprint sensor built right into the power button, one seamless motion gets you into your phone.

Your privacy protected

Keep your personal photos, videos, files, apps and data safe inside Secure Folder with the defence-grade Samsung Knox security platform, which protects your information from malicious attacks. Add your password or fingerprint so that only you can access your data.

Your Galaxy. Your Way

Own something truly yours. Customise your Galaxy with One UI 4 and give your phone an edgy look to match your vibes. Create a bespoke tool that assists your tasks seamlessly and makes your favourite features readily accessible.

Effortlessly attentive

Buds Auto Switching leads your ears to what you should be focusing on. When you're watching a movie on your tablet, an incoming call to your phone will be transferred seamlessly for you to pick up. Hang up and you’re right back where you left off.

Listen with your Buds Together

Take over the sidewalk with your best friend. Buds Together gives you the simple yet unbeatable experience of listening to songs together on-the-go.

Keep your device in tip-top condition with us

Enjoy peace of mind when you choose to buy a Samsung Galaxy smartphone. The interactive diagnostics and optimization on the Samsung Members app makes it easy to tune up the performance of your devices, while our helpline lets you troubleshoot problems when you need the extra support.
