

TP-Link RE190 network extender Network repeater White

Model: RE190

Manufacturer: TP-LINK

EAN: 1210002613613

Product Code: 1714118

R1,015

Boost Your Wi-Fi Network to Cover hard-to-reach Areas

Place the RE190 between your wireless router and wireless devices, expanding Wi-Fi coverage while eliminating Wi-Fi dead zones. Enjoy a seamless wireless network throughout your home or office. The dual bands Wi-Fi up to 750Mbps not only help extend to 2,000 sq.ft. (185 m2), but also make good use of your high ISP speed — ideal for HD video streaming, online gaming and other bandwidth-intensive tasks.

AC750 Wi-Fi for Compatible Connections

The RE190’s Wireless AC technology create stronger Wi-Fi connections across your home. Work with any standard

router or access point, making it convenient to provide wide, non-dropping Dual Band Wi-Fi to multiple devices.

One Key Connection

Press the WPS button on your router and RE button on your RE190 within 2 minutes to easily connect to the network. Once connected with an existing router, you can simply relocate the RE190 at any location for the best signal strength.

Smart Signal Indicator

Smart signal lights indicate the signal strength received from the existing router. Read the lights to find the best location for your RE190.
