DIGITUS 1D 2D Barcode Scanner Desktop

Model: DA-81005

Manufacturer: ASSMANN ELECTRONIC

EAN: 4016032490630

Product Code: 1714278

R1,367

The DIGITUS barcode scanner is a versatile and efficient solution for your scanning needs, designed to support a wide variety of barcodes including but not limited to Aztec, Codabar, and QR codes. This stationary scanner is equipped with a 2D imager that delivers a scan speed of 200 scans per second, ensuring quick and reliable data capture. With a maximum working distance of 100 cm and a minimum bar width of 3.3 mil, it is perfectly suited for retail, warehousing, and logistics applications. The device features a durable design with an integrated 1.4 m USB cable, making it ready for immediate use in any setting. Its desktop form factor, combined with an LED indicator and beeper for scan verification, offers a user-friendly scanning solution that enhances operational efficiency.
