

GIGABYTE GC-MAPLE RIDGE interface cards/adapter Internal DisplayPort, Mini DisplayPort, Thunderbolt 4, USB 3.2 Gen 2 (3.1 Gen 2)

Model: GC-MAPLE RIDGE

Manufacturer: GIGABYTE

EAN: 4719331819729

Product Code: 1715471

R2,257

40 Gb/s Intel Thunderbolt 4 Certified Add-in Card

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

The GC-MAPLE RIDGE offers an easy way to upgrade GIGABYTE Thunderbolt ready motherboards with the new and faster Thunderbolt 4 connectivity without having to upgrade to a whole new system.

Dual Thunderbolt 4 – The fastest 40Gb/s single-wire connection

Delivers speeds of up to 40Gb/s-- that's 2 times faster than Thunderbolt 2 and 8 times faster than USB3. Thunderbolt 4 provides the fastest connection to any dock, display and device. A single port can daisy-chain up to 5 Thunderbolt devices without an additional hub or switch.

Daisy-chain Multiple Devices

Support for DisplayPort 1.4 makes Thunderbolt 4 a must have for any enthusiast. GIGABYTE GC-MAPLE RIDGE support two displays in 4K resolution at 60 FPS. In addition, Thunderbolt 4 over USB Type-C has revolutionary industry-first features such as Power Delivery 3.0, and the ability to daisy-chain up to 10 devices thanks to the dual USB Type-C ports.

Certified Motherboards with GC-MAPLE RIDGE

The GC-MAPLE RIDGE is compatible with GIGABYTE motherboards that featured a Thunderbolt header, refer the list as below.
