SMALLRIG CT-10 Aluminum Tripod

The SMALLRIG CT-10 3935 is a tripod designed for photography, filmmaking, live streaming, and video recording. It reaches a maximum height of 180 cm, measures 43 cm when folded, and weighs approximately 1530 g, making it easy to take along for outdoor shoots. Its construction uses an aluminum alloy, ABS plastic, and iron, and the tripod legs are designed to support loads ranging from 5 to 15 kg.

360° Ball Head and Wide Compatibility

The 36 mm diameter metal ball head allows for 360° rotation, making it easy to position your camera or camcorder at the right angle and capture panoramic shots. The tripod is equipped with a 1/4"-20 top mount, a 1/4"-20 × 3/8"-16 screw, and three additional 1/4"-20 threaded holes located on the bracket, which expand the options for attaching equipment and accessories. The Arca Swiss-standard quick-release plate allows for quick attachment of compatible devices, while three spirit

levels help ensure the tripod is properly aligned.

Can be used as a monopod

The SMALLRIG CT-10 can be converted into a monopod, allowing you to adapt your workflow to various photography and video recording conditions. The monopod reaches a maximum height of 182 cm and is 46 cm long when folded. The kit also includes a smartphone mount that can be used for live streaming, vlogging, and recording short videos.

Included in the set
