Sharp View for You, Privacy from Every Angle

Featuring advanced blackout technology, the filter ensures crystal-clear screen visibility when viewed straight on while blocking side glances beyond a 60-degree angle. Whether you’re in a co-working hub, an office, or on the move, your sensitive information stays safe from unwanted attention.

Glare Reduction and Screen Protection

In addition to privacy, the Magnetic Attach filter reduces glare for a more comfortable viewing experience and helps shield your display from scratches and everyday wear. Its magnetic system makes attaching and removing the filter effortless, giving you the freedom to adapt your setup whenever needed.
