battlestation. And bring an extra layer of atmosphere to gaming sessions with customizable RGB LED lighting.

Gaming in a New Light

FireCuda gaming drives upgrade your whole gaming atmosphere with customizable RGB LED lighting and a sleek new design.

One Battlestation, Customized Your Way

Explore the full, customizable RGB color and pattern control that's at your fingertips—you can even sync up all your FireCuda RGB products with help from the free Seagate Toolkit software.

Plus, the FireCuda Gaming Hub and FireCuda Gaming Hard Drive work with Razer Chroma™ RGB, so you can sync all your Chroma-enabled peripherals and dive deep into your gaming.

Vault

Built with big capacities, FireCuda Gaming Hard Drive (up to 5TB) and FireCuda Gaming Hub (up to 16TB) give you the space to build up your library of games, applications, and media without fear of limits.

Go Gaming Go

USB 3.2 bus-powered and a lightweight design gives the Gaming Hard Drive easy plug and play functionality—grab it and take it to take to a friend’s place.
