Model: 58615

Manufacturer: ESGE

EAN: 4011689586156

Product Code: 1718398

R1,963

Because the handle of the FRYER Compact is removable, it can be stored in the kitchen cupboard to save space. Ideal for small households, because the 1.5 liter frying container can prepare around 500 grams of French fries (or fish fingers, doughnuts or Berliners). The frying container and basket can be removed from the compact cool-touch housing made of stainless steel for cleaning. The removable lid with a viewing window contains an activated carbon filter to prevent odors. Recipes can be found in the operating instructions.
