Vertiv Avocent 8-Port ACS 8000 with dual AC Power Supply and Analog Modem - ACS8008MDAC-404

Model: ACS8008MDAC-404

Manufacturer: VERTIV

EAN: 636430085975

Product Code: 1718400

R71,121

The Avocent ACS 8000 advanced console server offers upgraded and advanced features, that deliver scalable and high-performance solutions for IT administrators. The console server features a dual ARM core processor platform with dual Gigabit Ethernet ports and dual Gigabit fiber ports for redundancy. In addition, there is a sensor port, to connect a variety of sensors for monitoring and logging on the appliance. The serial ports are auto sensing for pin-out and the Avocent ACS 8000 advanced console server also offers robust features to meet the requirements of the demanding data center management applications. Features combine automated discovery tools to ease identification of servers, routers, switches and power devices, connected to any serial port, saving
