Smarter Savings for Superior Business Visuals

BenQ next-gen SmartEco adjusts light power intelligently, saving 60% more energy than traditional Eco Mode. Laser tech saves an extra 23% compared to mercury lamps, with the device dimming to minimum power in 2 seconds

Precision Glass Optics for Crystal-Clear & Lasting Visuals

BenQ’s pure glass lenses minimize distortion and enhance image precision, ensuring every detail is displayed with stunning clarity and sharpness.

Sharper, More Detailed Visuals

DLP technology enhances clarity by reducing pixel gaps and delivering crisp text and images.

Long-Lasting Performance

Industrial-grade DLP technology eliminates color decay, enabling long-term image perfection.

Dustproof Reliability

The anti-dust color-wheel sensor prevents buildup for stable, flicker-free performance.

Business-Optimized Display Modes with Lasting Clarity

Enhance clarity, color, and contrast with dedicated viewing modes for presentations, infographics, and data review, powered by BenQ’s pure glass lenses and DLP technology.

Presentation Mode

Optimized for bold colors and sharp text in business presentations.

InfographicMode

Enhances text clarity and color gradation for detailed infographics and charts.

Spreadsheet Mode

Designed for clear, detailed spreadsheets and financial reports

Precision Glass Optics for Crystal-Clear & Lasting Visuals

BenQ’s pure glass lenses minimize distortion and enhance image precision, ensuring every detail is displayed with stunning clarity and sharpness.

Instant Power-On

No buttons needed—automatically starts when an HDMI signal is detected.

Quick Angle Adjustment

The retractable foot instantly adjust height for the perfect angle.

Auto Vertical Keystone

Instantly corrects image alignment—no manual adjustments needed.

Projection Fits for Every Room

Project images larger than 100" from just 3m~4m away (via 1.1X zoom), enabling easy big-screen viewing in rooms of any size.
