Where ideas flow freely

Jot down notes effortlessly, craft intricate sketches with 0.7mm-fine-tip precision. Transform your device into a versatile tool for your creativity.

The magic of touch-free control

Air Action transforms your S Pen into a remote control for your Galaxy device. With a flick of your pen, open apps, control your tunes, and effortlessly glide through your photos. It's like magic at your fingertips!

Your shortcut to efficiency

Add and remove features and app shortcuts based on your preferences with Air Command. Share clippings across devices, take notes, translate, write on screenshots - whatever you desire, it's just a click and tap away.
