You've seen Galaxy AI, but not like this. This massive screen brings Galaxy AI features to life in a big way to maximise your productivity and fun.

Formatting your notes gets even easier in Split View — helping you format while keeping track of the original.

Circle to Search with Google on the big screen

Experience the power of Circle to Search with Google on a larger screen. Just circle, highlight, or tap an image or text to get Google Search results. You can even get instant translations.

Dream it. Draw it. Done

Use Sketch to Image to turn your rough sketches and doodles into artwork with the help of AI and S Pen wizardry. Drawing is more powerful than ever.
