

# Bosch GLM 50-27 CG Professional Laser distance meter Black, Blue 50 m

Model: 0601072U00

Manufacturer: BOSCH

EAN: 4059952518831

Product Code: 1720708

## R5,533

The laser measure GLM 50-27 CG Professional offers a superior visibility of the laser spot, highly durable design, and fast documentation. While its green laser spot appears more visible compared to red laser, it is especially qualified for long-distance measurements in bright indoor conditions. Thanks to the combination of an IP65 protection-certified design and a shock-absorbing rubber casing, it withstands 1.5-metre drops even on hard concrete and rough jobsites. Bluetooth® connectivity and the Bosch MeasureOn App ensure quick documentation and transfer of measuring results in just a flash.

This laser measure is optimal for documentation, calculating material needs, room and wall areas, and placing plus fitting elements, making it ideally suited for architects, electricians, and many other professions.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

It features both sound and vibration feedback to verify success of measurements and improved battery runtime (compared to the predecessor GLM 50 C Professional).
