

Sandberg DC Power Station 72000

Model: 421-22

Manufacturer: SANDBERG

EAN: 5705730421228

Product Code: 1720739

R3,592

Sandberg DC Power Station 72000 is your mobile power hub, with a capacity of 72,000 mAh / 270 Wh. You get two powerful 100W USB-C PD ports, two USB-A QC3.0 ports with up to 22W, and a 12V DC output, so you can charge your laptop, tablet, phone, and much more. All five outputs can be used simultaneously! It comes with both male and female adapters for the car's 12V socket, so you can easily connect car equipment, a cooler, or a pump directly. Supports charging via both USB-C and solar panel (MPPT) through the DC input. With a built-in LED lamp, you're ready for anything from camping to power outages.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
