CPU COOLER MULTI SOCKET/PRO 240 ARGB ASROCK

Model: PRO 240 ARGB

Manufacturer: ASROCK

EAN: 4711581493513

Product Code: 1720890

R1,776

Optimized for stability, durability, and efficiency. The Pro AIO liquid cooler combines reliable performance, user-friendly features and streamlined style for daily computing tasks.

Dynamic ARGB Water Block

Crafted with a durable polycarbonate top cover, the water block delivers brilliant, evenly diffused lighting for a vivid and refined glow.

Next-Gen Cooling System

Next-Gen Cooling Pump

Precision-engineered structure and automotive-grade components, powered by a 3-phase, 6-slot, 4-

pole motor for stronger flow, extended durability, and peak cooling performance for unwavering CPU stability.

Dual-Side Inlet Cooling Path
The dual-side inlet cooling path design shortens coolant flow distance while ensuring balanced distribution across the high-density micro-fin array. By delivering coolant directly to the CPU hot spot from multiple directions, the design helps keep temperatures more even and improves overall thermal efficiency.

Ring-Frame Blade Design
The Ring-Frame Blade design features reinforced structure to optimize airflow concentration, generating stronger static pressure and deeper radiator penetration.

0dB Silent Cooling Technology
Fan stops completely under low load for absolute silence and extended lifespan.

Precision-Machined Copper Cold Plate
Finely crafted for flawless surface contact, delivering superior heat conductivity and long-lasting cooling performance.

Brilliant ARGB Lighting Effect
Delivers vivid, customizable lighting for a dynamic and immersive build.

POLYCHROME RGB
Simply connect the 3-pin ARGB header to an ASRock motherboard to unlock Polychrome SYNC support, experience perfectly synchronized, full-system RGB illumination with seamless control.

SignalRGB
SignalRGB unifies your RGB devices, offering seamless customization, game-reactive effects, macro automation, and system monitoring. ASRock AIO Liquid Coolers have passed comprehensive SignalRGB compatibility testing, ensuring reliable control of the LCD display and lighting effects through the SignalRGB software.

UNIVERSAL BRACKET

Minimal-step design enables fast, simple installation across multiple Intel® & AMD® platforms.

PREMIUM DURABLE TUBING

IIR+EPDM core resists coolant evaporation and deformation, with braided sleeve reinforcement for durability, protection, and a clean high-end look.

Pre-installed Fan with Hidden Cable Routing

Radiator fans come pre-installed with neatly routed cables, ensuring a clutter-free look and effortless installation for a clean, professional build.

MULTIFUNCTIONAL TUBE CLIPS

Secure tubing placement, simplify installation, and maintain a clean, organized build.

ASRock Therm-X1 Thermal Grease

High thermal conductivity enables efficient heat transfer, enhancing system stability and extending CPU lifespan.

- Dynamic ARGB Water Block
- 3-Phase 6-Slot Pump
- Precision-Machined Copper Cold Plate
- RGB Lighting Ecosystem
- Ring-Frame Blade Design
- 0dB Silent Cooling
- IIR+EPDM Tubing
- Effortless Installation
- High Conductivity Thermal Grease

Summary: Asrock Pro 240 ARGB. Type: All-in-one liquid cooler, Fan diameter: 12 cm, Maximum air pressure: 1.77 mmH2O. Product colour: Black | Vendor Homepage: https://www.asrock.com/CPU-Coolers/Liquid/Pro%20240%20ARGB/index.asp#Overview | Ventiliatoriaus skersmuo: 120 | Tipas: Universalusis skystinis aušintuvas | Palaikomi procesoriaus lizdai: AM4 lizdas/AM5 lizdas/LGA 1700/LGA 1851 | Tinkama vieta: Procesorius | Didžiausias oro srautas: 62.6 | Didžiausias oro slėgis: 1.77 | Impulsų pločio moduliacijos (PWM) palaikymas: Taip | Ventiliatoriaus triukšmo lygis (maks.): 31
