The Neomounts AV30-500BL is a universal videobar kit designed for displays from 43" and larger, with VESA hole patterns ranging from 200x200 up to 800x600 mm. Built for durability and versatility, the kit supports devices up to 10 kg and can be installed either above or below the screen. Both the videobar support and the backplate brackets are height-adjustable for maximum flexibility.

Compatible with most videobars*, PTZ cameras, and soundbars, including Logitech Rally speakers, the AV30-500BL ensures broad applicability. The mounting holes allow width and height variation, while the VESA frame adjusts in both height and width (200/400/600/800). The kit can be used on wall, floor, desk, or ceiling mounts. Despite its versatility, installation is straightforward, aided by ruler-guided alignment for a seamless fit.
