InLine USB 2.0 Cable, USB-C male / USB-A male, black, 5m

Model: 35735

Manufacturer: INLINE

EAN: 4043718282661

Product Code: 1722474

R858

Compatible connection for USB-C devices: Ideal for connecting modern USB-C devices to existing USB-A ports in PCs, notebooks, or docking stations.
Reliable data transfer: Supports USB 2.0 with up to 480Mb/s for everyday applications such as data backup, synchronization, or peripheral connections.
Efficient charging with Power Delivery: Current strengths of up to 3A at short lengths enable safe charging—ideal for smartphones, tablets, and power banks.
Robust cable design for continuous use: High-quality workmanship with flexible sheathing ensures durability even in commercial environments.
A variety of length options for every application: From 0.3 m to 5 m—the optimal cable length for every use, whether workplace cabling or technical room.

The InLine® USB 2.0 cable with USB-C to USB-A connector was developed for professional use and offers reliable performance for data transfer and power supply. It connects modern USB-C devices to classic USB-A interfaces and supports the USB 2.0 standard with up to 480Mb/s—sufficient for

everyday IT applications such as synchronization, backup, or connecting external peripheral devices. Thanks to its robust construction, the cable is ideal for intensive use in office environments, system houses, or IT departments. Integrated support for USB Power Delivery (up to 3A for lengths up to 1m) enables efficient charging of a wide variety of end devices. Whether for short connections in a technical cabinet or longer connections in the workplace environment, this series offers maximum flexibility with seven available lengths.
A well-designed product for professional requirements—durable, compatible, and powerful.

Connector: USB-C plug to USB-A plug
Color: Black
Compliance: USB 2.0
Supported current: up to 3A (up to 1 m), up to 0.5A (up to 5 m)
Compatibility: Smartphones, tablets, power banks, USB-C peripherals
Area of application: IT workstations, technical rooms, service applications, external USB hard drives, USB graphics cards
