InLine B-16653B power cable Black 1.8 m Power plug type F 3 x C13 coupler

Model: B-16653B

Manufacturer: INLINE

EAN: 4043718342532

Product Code: 1722490

R3,071

You will receive 13 pieces of item 16653B packed in a plastic bag to protect against moisture and an outer box.

Connect multiple devices simultaneously: Supplies up to three end devices via a single protective contact connection.
Compact solution instead of power strip: Saves space and reduces additional material usage.
Standard-compliant connections: Compatible with common IT and office devices with CEE7/7 plug to 3x IEC-C13.
Robust and reliable:H05VV-F cable for long-term use in professional environments.
Flexible use: Ideal for office workstations, server rooms, or workshops where multiple devices need to be operated simultaneously.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

The InLine Y-cable offers an efficient way to supply power to multiple devices simultaneously. By connecting up to three end devices via a single grounded plug, the need for additional power strips is reduced. This ensures greater order and clarity in the office, server room, or workshop.
Thanks to its standard-compliant connections with a CEE7/7 plug and three IEC-C13 sockets, the cable is universally applicable and compatible with standard devices from the IT and office electronics sectors. The robust H05VV-F cable ensures a reliable power supply and is suitable for continuous operation.
This cable allows you to design workstations more efficiently, reduce the use of materials, and optimize the power supply in a targeted manner.

Side A: CEE7/7 plug (protective contact)
Side B: IEC-C13 (cold devices)
H05VV-F
Operating temperature: -10 to 60 °C
Storage temperature: -20 to 70 °C

InLine Bulk ecoPacks are environmentally friendly bulk packaging in which the items are only packed in a PE bag to protect against moisture and in a uniform box. The packaging unit varies depending on the item size for optimal utilization. InLine Bulk ecoPacks are particularly suitable for direct use, e.g. B. for your own use or for installation at the customer's site. You get the proven InLine quality with minimal packaging. This saves time and money and protects the environment.

More economical: quick unpacking saves you time
Ideal for use by customers
More environmentally friendly: Less packaging (small waste)
The cables are packed together in a PE bag to protect against moisture. Individual slip bags are no longer needed.
More economical:
The packaging is based on the optimal utilization of the carton capacity. Resources are optimally used and utilized.
Cheaper: price advantage through bulk purchase
5% below the individual/normal price
