

Teltonika EU 2-pin power supply, 62W

Model: PR317EUA

Manufacturer: TELTONIKA

EAN: 4779051841189

Product Code: 1722869

R953

The Teltonika PR317EUA is a high-performance power supply unit designed for indoor use. It features a European 2-pin plug and offers a substantial output of 62 watts, ensuring efficient power delivery for compatible devices. The unit operates with an input voltage range of 90 – 264 volts and an input frequency range of 47 – 63 Hz, accommodating varying electrical standards and ensuring versatility across different regions. This model is engineered with precision, providing a stable output voltage of 45.6 – 50.4 volts and a current of 1.5 A. The robust design is complemented by a sleek black color, making it a discreet addition to any setup. It also includes a 2-meter cable, granting ample length for easy installation and flexibility in placement. The dimensions of the power supply are 111 mm in width and 33.5 mm in depth, making it compact enough to fit in tight spaces without sacrificing performance. Each pack contains one unit, ensuring that users receive a complete solution for their power supply needs.
