R3,066

270° Panoramic View

Experience a seamless view unobstructed by a front pillar, offering an unparalleled visual display of the internal components and ensuring your build shines from every angle.

ROBUST THERMAL DESIGN

Four pre-installed ARGB fans

The A32 PLUS chassis is engineered for optimal cooling, with four ARGB fans pre-installed—three reverse- blade models and one standard model—and support for six more. Optimally located side panel grilles also facilitate high-volume airflow.
