(3840x1600) display, you can experience a wide color spectrum with detailed color and contrast.

VESA DisplayHDR™ 600

Clean and bright HDR

Featuring VESA DisplayHDR™ 600, this monitor offers a wide range of brightness and contrast for an immersive experience when playing the latest HDR games, watching movies, and viewing pictures.

Dual Controller (Built-in KVM)

Multi devices, one monitor

The dual controller helps to work through a single monitor with two computers and transfer files to either computer. Also, the built-in KVM feature allows you to control both computers with a single keyboard and mouse.

PBP & PIP

One screen, multi views

Streamline your multitasking by making use of Picture-by-Picture and Picture-in-Picture to connect multiple devices, split your screen, or float a smaller window over your main window.

LG Switch app

Switch swiftly

LG Switch app helps to optimize the monitor to your work and life. You can readily divide the whole display up to 6, change the theme design, or even launch a video call platform with a mapped hotkey.

USB Type-C™, RJ45

Productivity hub

with easy connectivity

Make the most of your productivity with a monitor featuring RJ45 (LAN port) for wired Ethernet. The USB Type-C™ port supports connection to various devices, data transfer, and up to 90W of power delivery via only a single cable.

Ergonomic design

Easy and comfy

Get your perfect viewing angle with the ergonomically designed stand: adjust the height, tilt, and swivel easily to find the position that fits you best.
