Made from premium materials, the MA-RSS smartphone stand is designed to stand the test of time. Its aluminium frame is not only lightweight for easy transport, but also robust and durable, ensuring your device is always safe and in the ideal ergonomic position at all times.

AVAILABLE IN TWO VERSIONSDARK GREY AND SILVER GREY

Choose the one that best suits your setup!

EXCEPTIONAL STABILITY: NON-SLIP DESIGN

Stability is essential, and the MA-RSS stand delivers in spades thanks to its non-slip and robust design. Silicone pads protect your mobile phone from scratches and slipping, ensuring a comfortable and safe user experience. Your devices will remain safe and stable at all times.

360º ROTATION WITH INFINITE HEIGHT ADJUSTMENT

The MA-RSS, with its 360° swivel function and 180° height and viewing angle adjustment, allows you to customize the angle and position of your smartphone to your needs, ensuring maximum comfort. This stand is ideal for browsing, working, reading or enjoying your favorite multimedia content, always providing the best angle to reduce neck and back fatigue. Plus, it includes an Allen key for easy adjustment, making customizing your experience even simpler and more efficient.

THIN AND FOLDABLE SUPPORT

This foldable and portable phone stand is the perfect solution for keeping your smartphone at the ideal angle. Its sleek and compact design makes it easy to carry around, making the MA-RSS a must-have for professionals and students who value functionality and style.
