Mars Gaming MC-3TCORE Midi Tower Black

Model: MC3TCORE

Manufacturer: MARS GAMING

EAN: 8435693105473

Product Code: 1724496

R3,321

The MC-3TCORE is a true revolution in design and functionality for gaming and technology enthusiasts. Fusing aesthetics and performance, this CUSTOM case transforms any build into a stunning display of technology and style. With removable triple tempered glass, exceptional cooling capacity, and compatibility with reverse connector motherboards, the MC-3TCORE takes customization and efficiency to a new level.

CUSTOM VISUAL SHOW

Designed to deliver an unprecedented visual spectacle and CUSTOM concept, the MC-3TCORE computer case lets you build the PC of your dreams without any factory limitations. With no unnecessary factory extras such as pre-installed fans, you have the total freedom to customize every detail to your preferences.

AVAILABLE IN TWO VERSIONSBLACK OR WHITE

Choose the one that best suits your setup!

COMPATIBLE WITH REVERSE CONNECTOR MOTHERBOARDS

The MC-3TCORE is compatible with rear-mounted ATX motherboards. This innovative motherboard connection design improves airflow and cooling, facilitates cleaner and more efficient cable management, and optimizes internal organization for superior performance and aesthetics.

DESIGN AND FUNCTIONALITY

With top and bottom magnetic dust filters and efficient cable management, the MC-3TCORE ensures a clean and organized interior, ideal for high-performance setups and easy customization.

NEXT GENERATION CONNECTIVITY

The MC-3TCORE ensures ultra-fast and efficient connectivity for all your devices and peripherals thanks to its USB 3.0, USB 2.0, USB-C and HD audio and microphone connections integrated into the top panel of the case.

PANORAMIC VIEW. TRIPLE TEMPERED GLASS

The MC-3TCORE offers a spectacular panoramic view through its three tempered glass panels, all removable thanks to a screwless anchoring system. This system facilitates access to your components and the customization of your configuration, transforming your setup into a technological work of art.

DOUBLE SIDE CAMERA

The dual side chamber structure maximizes every inch of internal space, optimizing component layout and cooling for unbeatable performance. Keep your components at peak performance even during the most intense sessions!

MAXIMUM COOLING CAPACITY
